

The **Super 3** contains the same basic elements as the Big6, but is written for younger students to understand.

1. Plan - (Beginning)

When students get an assignment or a task, **BEFORE** they start doing anything, they should think:

- What am I supposed to do?
- What will it look like if I do a really good job?
- What do I need to find out to do the job?

Big6 Steps:

- Task Definition
- Information Seeking Strategies

2. Do - (Middle)

In the Middle the students **DO** the activity. This is where they read, view, tell, make a picture, etc.

Big6 Steps:

- Location and Access
- Use of Information
- Synthesis

3. Review - (End)

Before finishing the product and turning it in, students should stop and think— Is this done?

- Did I do what I was supposed to do?
- Do I feel ok about this?
- Should I do something else before I turn it in?

Big6 Steps:

- Evaluation
